

ITA		
Name: Fariba	Department: Speech Therapy	
Surname: Yadegari		
Title/Degree: Professor/PhD of Speech Therapy		
Research Interests: Adult aphasia; verb processing in aphasia; prelinguistic development; motor speech disorders		
Scopus Profile: https://www.scopus.com/authid/detail.uri?authorId=56414932800 Google Scholar Profile: https://scholar.google.com/citations?user=Gjy2E00AAAAJ&hl=en ORCID ID: 0000-0002-7262-2920		Updated: 7/6/2026
Personal Information		Nationality: Iranian
Office address: Department of Speech Therapy, Faculty of Rehabilitation Sciences, University of Social Welfare & Rehabilitation Sciences, Kudakyar St., Daneshjoo Blvd., Evin, Tehran, Iran Tel: (21) 22180043 Fax: (21) 22180068		E-mail: fa.yadegari@uswr.ac.ir fariba.yadegari@gmail.com faribayadegari@yahoo.com Home Page: http://yadegari.uswr.ac.ir University URL: http://www.uswr.ac.ir

Education					
Date	Degree	Duration	Institution	Country/City	Major
2011	Ph.D.	5 years	University of Social Welfare & Rehabilitation Sciences	Iran/Tehran	Speech Therapy
1994	M.A.	2.5 years	Allameh Tabataba'i University, Faculty of Psychology and Education	Iran/Tehran	Exceptional Children
1989	B.Sc.	4 years	Iran Medical University, Faculty of Rehabilitation	Iran/Tehran	Speech Therapy
Faculty member					
Year	Position	Institution/Course			Location
2021	Professor	University of Social Welfare & Rehabilitation Sciences			Iran/Tehran
2016-2021	Associate professor	University of Social Welfare & Rehabilitation Sciences			Iran/Tehran
2011-2015	Assistant professor	University of Social Welfare & Rehabilitation Sciences			Iran/Tehran
2006-2011	PhD student-university lecturer	University of Social Welfare & Rehabilitation Sciences			Iran/Tehran
1996-2006	University lecturer	University of Social Welfare & Rehabilitation Sciences			Iran/Tehran
Field of Specialization					
• Adult Aphasia • Verb assessment and treatment in aphasia					
Language Ability					
English: IELTS=7					

Teaching Experience			
• Assessment and Treatment of adult Aphasia (Ph.D.) • Cognitive Models of Speech and Language Processing (Ph.D.) • Advanced Research Methodologies in Speech Therapy (Ph.D.) • Seminar of Clinical Research in Speech and Language Disorders (Ph.D.) • Scientific Writing (M.Sc.) • Normal Processing of Speech and Language (M.Sc.) • Neuropsychology of Language (M.Sc.) • Seminar in Acquired Language Disorders (M.Sc.) • Adult Aphasia (B.Sc.) • Assessment & Differential Diagnosis of Speech & Language Disorders (B.Sc.) • Management in Speech Therapy (B.Sc.) • Assessment & Treatment of Language Disorders in Children with Mental Retardation (M.Sc.)			
Administrative Responsibilities			
Position	Institution/Event	Location	Year
• Head of Speech Therapy Department, University of Social Welfare & Rehabilitation Sciences, Tehran, Iran; from 2012 to 2019. • Manager of research and technology, University of Social Welfare & Rehabilitation Sciences, Tehran, Iran; at the moment. • Director of Medical Information and Scientific Resources, University of Social Welfare & Rehabilitation Sciences, Tehran, Iran; from 2019 to 2020. • Deputy of Head of Speech Therapy Department, University of Welfare & Rehabilitation Sciences, Tehran, Iran; 1995 up to 2002.			
Academic and Scientific Responsibilities			
Year	Responsibility		
• Former chairman of Iranian Scientific Speech Therapy Association; from 2013 to May 2016. • Secretary of the Board of Examiners and Evaluation of Speech Therapy, Iran Ministry of Health; at the moment. • Supervisor of speech therapy clinic from 1989 to 2011.			
Scientific Membership			
Association, Society			
• A member of Iranian Scientific association, Iran • A former member of World Stroke Organization (WSO)			

Publications in journals

- Sazegar Nejad, S., Yadegari, F., Teymouri, R., & Bakhshi, E. (2026). Morphosyntactic characteristics of agrammatism in Persian post-stroke aphasia: a comprehensive description. *Aphasiology*, 1-30.

Research Paper Presented in Conferences / Seminars

Year	Conference/Seminar	Paper title	Location
2025	The Second International Biennial Conference on Science of Language and the Brain (SOLAB)	Concrete and Abstract Verb Production in Persian-Speaking People with Fluent and Non-Fluent Aphasia and Healthy	Tehran, Iran

		Adults (authors: Fatemeh Alipour, Fariba Yadegari)	
2025	14 th basic and clinical neuroscience congress	Impairments of active/passive verbs in aphasia (authors: Fatemeh Alipour, Fariba Yadegari)	Tehran, Iran
2024	The 62nd Annual Meeting of the Academy of Aphasia	Comparing idiomatic and compositional compound verb dissociation in the speech of Persian-speaking people with aphasia (Authors: Fariba Yadegari, Fatemeh Alipour, Robab Teymouri)	Nara Kasugano International Forum, Japan
2023	the 12th Basic and Clinical Neuroscience Congress (BCNC)	Verb impairment in aphasia	Tehran, Iran
2023	Webinar on cognitive rehabilitation in adults	Cognitive Communication Rehabilitation	Tehran, Iran
2022	Seminar on the neuroscience news in the field of speech, hearing and language	Application of cognitive neuroscience in aphasia rehabilitation	Zahedan, Iran
2020	Virtual conference of ESO-WSO	Investigation of Semantic System Defects in Adult Aphasic Patients Caused by Stroke	Geneva, Switzerland
2018	First international conference on laboratory phonetics and phonology	Syllable structure of babbling in typically developing 6-to-12 months Persian-learning infants	Tehran, Iran
2017	the 9th Iranian Stroke Congress	Rehabilitation of Stroke Aphasia	Tehran, Iran
2017	6 th basic and clinical neuroscience congress	Comparison of semantic processing in patients with left temporoparietal damages with normal adults	Tehran, Iran
2015	12th World Congress of Neurology	The role of Broca's area in speech production: evidence from focal lesion studies	Santiago- Chile
2014	The 1th symposium on language rehabilitation in aphasia and traumatic brain injuries	Treatment of aphasia based on cognitive neuropsychological models	Beirut, Lebanon

2014	21 th congress of neurology and clinical electrophysiology of Iran	Left Insula impairment in oral and verbal apraxia	Tehran, Iran
2013	2nd congress of basic and clinical neuroscience	Sensitivity of MMSE for differential diagnosis of dementia in aphasic patients	Tehran, Iran
2013	6th national and first international Iranian stroke congress	Oral apraxia among hemiplegic left hemisphere damaged ischemic stroke patients	Tabriz, Iran
2012	5th stroke congress	Study of co-occurrence of oral and verbal apraxia among left hemisphere damaged adults	Isfahan, Iran
2012	Audiology scientific conference	Speech reception theories	Tehran, Iran
2012	11th speech therapy congress	Differential diagnosis of apraxia of speech: challenges regarding construct definition	Isfahan, Iran
2011	The first national congress of new approaches to motor disorders rehabilitation	Brain centers of oral verbal and nonverbal movements	Isfahan, Iran
2011	10th national speech therapy congress	Using connectionist models in rehabilitation of aphasic patients	Ahwaz, Iran
2009	The Science of Aphasia (X) SOA	Evidence of Different Patterns of Semantic deficit in fluent and non-fluent Aphasic Patients	Antalya, Turkey
2008	The Science of Aphasia IX (SOA)	Is there a category – specific dissociation in naming in fluent aphasia and Alzheimer disease patients?	Chalkidiki, Greece
2007	International Psychogeriatrics	Assessing apraxia in patients with senile dementia of Alzheimer type: A comparative study,	Ozaka, Japan
2006	18th international pediatric diseases congress	Management of infants' feeding behaviors in NICU	Tehran, Iran
2005	21th international conference of Alzheimer 'disease international	Linguistic features of Farsi-speaking patients with Alzheimer's disease	Istanbul, Turkey
2001	6th Iranian Speech Therapy Congress	Semantic Facilitation Effect on Word Finding Skills of a Patient with Conductive Aphasia	Tehran, Iran
2004	10th Iranian Occupational Therapy Congress	The role of Speech Therapist in the Rehabilitation team of children below 1 year	Tehran, Iran
2004	16th international pediatric diseases congress	Detecting speech and language impairments in infants	Tehran, Iran
